## REPORT URGES INQUIRY INTO FOOD CONTROL

Senate Group Sees "Alarming  
Tendency" Toward  
Monopoly.

CALLS FOR CHEAPER BREAD

Retail Price Not Reduced in  
Proportion to Wheat, Is  
Assertion.

WASHINGTON, March 2.—The  
senate's food price investigating  
committee today recommended  
"careful scrutiny" by the federal  
trade commission and the justice  
department of "an alarming ten  
dency toward the monopolistic  
control" of the nation's food by  
"a small group of federal corpora  
tions and combinations."

The recommendation was  
embodied in the committee's report to  
the senate of its inquiry into the  
prices of bread, meats, sugar and  
milk.

"Within the past few years the  
absorption of independent bakeries  
and milk distributors by gigantic  
nationwide corporations, holding  
companies, mergers, and chain  
enterprises, has been carried for  
ward with amazing rapidity," the  
report said.

"Careful Scrutiny" Urged  
The committee recommends the  
careful scrutiny of this develop  
ment by the federal trade com  
mission and the department of  
justice.

"If existing laws are not suf  
ficient to control these mergers  
and combinations in the public in  
terest, the agencies above named  
should recommend to the congress  
such remedial legislation as they  
deem necessary."

Among other findings were:  
1.—That the retail price of bread  
has not declined proportionately  
with the price of wheat.  
2.—That there should be an im  
mediate reduction of at least one  
cent a pound in the wholesale price  
of bread throughout the country  
and a corresponding or larger re  
duction in retail prices.

3.—Some evidence that there is a  
combination in restraint of trade  
in the wheat business.  
4.—That the wholesale and retail  
prices of white flour have gener  
ally reflected the decline in the  
price of wheat.

5.—That the lower prices paid  
to the farmer for milk purchases  
for fluid purposes have in general  
been reflected in the retail prices  
charged to the consumer, but that  
the distribution has not borne any  
portion of the reduction.

6.—That the reduction in price  
paid to the producer for milk used  
in the manufacture of dairy prod  
ucts, which is usually purchased  
at the surplus price, has not

## 76 VETS HERE SEEK LOANS ON BONUSES

Red Cross Estimates Applica  
tions Amount to \$20,000;  
Short of Blanks.

Seventy-six applications for loans  
on soldiers' bonuses have been made  
through the local Red Cross office  
since Saturday morning, according  
to Miss Margaret Dowd, secretary.  
An offhand estimate of the total  
amount of loans sought is \$20,000,  
as in practically every instance,  
bonus loans had been made.

Filing of these applications was  
temporarily called to a halt at 10  
today when the supply of applica  
tion blanks was exhausted. After  
using all blanks on hand in the  
chapter office and at the post office,  
Miss Dowd made an effort to  
obtain other blanks here, while  
waiting on a consignment of blanks  
from regional headquarters at  
Cleveland. The consignment is ex  
pected Wednesday.

Twenty-one applications were  
filed here this morning in the  
country-wide rush of War Veterans  
for increased loans on their  
bonuses. The rush continued un  
abated in nearly every city, accord  
ing to a checkup by United Press.

A majority of applications filed  
through the local offices went to  
Cleveland, although some few went  
to Cincinnati or directly to Wash  
ington, depending on the where  
abouts of the veteran when he  
filed.

Continued on Page Five.

## Woman Held Prisoner by Accident Strives

By The Associated Press.  
POMEROY, O., March 2.—The  
body of Mrs. Hulda Frederick, 80,  
was found Sunday in a wood near  
her home in Bedford township, a  
few miles northeast of here. One  
foot wedged between two small  
trees, led officials to believe that  
the aged woman had been unable  
to free herself and had starved to  
death. She had been to a store at  
Flora a week ago last Saturday,  
and was returning home when she  
fell. She had resided by herself.

## WHEN VETS' LOAN RUSH BEGAN

Pictured above is part of the great throng of World war veterans who lined up to file applications for loans on adjusted service certificates at a bureau in Chicago hastily prepared for that purpose when word was received that congress had passed the 50 per cent loan bill over the President's veto. Similar scenes were enacted at bureau offices in all other large cities. Marion county veterans' applications go to the veterans' bureau office in Cleveland.

## WALTER RALLS GOES ON TRIAL

Six Jurors Seated at Opening  
Session of Crawford  
County Court.

VENUE CHANGE SOUGHT

One of Two Charged with  
Fatal Shooting of Sheriff  
Davenport.

Special to The Star.

RICHTER, O., March 2.—Efforts  
to select the first of two juries to  
hear the first degree murder charges  
against Walter Ralls, 32, and Blanton  
Ralls, 19, Crestline Negroes in  
dicted in the fatal shooting of  
Sheriff George Davenport, got under  
way in common pleas court today.

Walter Ralls will be the first to  
go on trial. He is accused of firing  
the shot that caused the death of  
the Crawford county sheriff. His  
trier is scheduled to go on trial  
Thursday.

Six of nine jurors examined this  
morning were tentatively seated  
when court recessed at noon. With  
the exception of one, those seated  
said they had formed an opinion  
but believed they could consider the  
evidence submitted before forming  
fixed opinions. Those dismissed  
said they would be unable to  
change opinions already formed.

Walter Ralls, continued his fight for  
a change of venue. His motion  
overruled by Judge Clarence Ahl  
last week. Krieter this morning  
filed a plea for a change of venue  
on the grounds that an alleged  
confession by Walter had been pub  
lished in a local paper last week.

The men facing trial this week  
are two of three arrested in con  
nection with Davenport's slaying.  
Elijah Ralls, 30, brother of Walter,  
was shot to death when he at  
tempted to escape from the county  
jail during questioning in connection  
with the case.

Davenport was wounded Jan. 23  
when he attempted to arrest  
Walter on charges of stealing  
chickens. The shooting took place  
in the home of Elijah Ralls and  
Davenport died a few hours later.  
Before his death he named Walter  
as his slayer.

## NEW HEALTH NURSE STARTS WORK HERE

Christmas Seal Fund Provides  
for Employment of Tubercu  
losis Worker.

Miss Alma Denny of Bellefontaine avenue, today began her  
duties as tuberculosis health nurse in  
Marion county in the department  
of Dr. N. Siffritt, city-county health  
commissioner.

Her duties will consist of investi  
gating reported tuberculosis cases  
and in caring for them either by  
education or by treatment.

Miss Denny's salary will be paid  
out of the Christmas seal fund  
raised in the county last December.  
She will be employed during the  
year as long as the fund lasts, Dr.  
Siffritt said.

## BUSINESS FOUND ON UPGRADE BY SURVEY

Julius H. Barnes Reports Signs of Clearing on Indus  
trial Horizon.

By The Associated Press.  
WASHINGTON, March 2.—The  
business horizon, finds Julius H.  
Barnes, is clearing. Things are  
getting better, signs are optimistic.

Such is the report of the chair  
man of President Hoover's national  
business survey conference for the  
mid-winter season not only in the  
United States but abroad as well  
were the clouds of depression seen  
pushed back by the light of confi  
dence and energy.

Some of the bright spots he re  
ported:  
"Recurring demonstration that  
industry generally has attained an  
adjustment of stocks, production  
and market in which even a mod  
erate expansion in demand will  
have immediate results."

"Evidence that reduced city  
spending reflects into lower farm  
prices for products in which there  
is no apparent depression surplus,  
such as most dairy products."

"Clear indications that the  
volume of savings in their various  
forms has been large and is still  
mounting."

"The long term capital market  
over the past two and one-half  
months has reflected an improved  
condition."

Abrams, he said, "repeated evi  
dence of improved conditions are  
recorded."

The reports from American busi  
ness were, added Barnes, all ac  
companied "almost uniformly by  
expressions of confidence and  
energy which are apparently their  
own."

## HOUSE VOTES FOR IMMIGRATION BILL

Bill To Reduce Alien Entries  
90 Per Cent Now Goes  
to Senate.

WASHINGTON, March 2.—The  
house today went on record for a  
90 per cent reduction of immigra  
tion for the next two years, pass  
ing the Jenkins bill after one of  
the most bitter legislative struggles  
of the session.

The house gave the measure the  
necessary two-thirds which was re  
quired under suspension of rules.  
It was adoption of this extrordi  
nary procedure by Speaker Long  
worth that started a bitter fight  
Saturday night which was re  
echoed in the house today.

The bill, urged as an aid to em  
ployment in this country, now goes  
to the senate. It would reduce the  
flow of immigration from around  
150,000 annually to about 15,000  
annually during the next two years.

## 14 Perish as Theater in Mexico City Burns

By The Associated Press.  
MEXICO CITY, March 2.—At  
least 14 persons were burned to  
death and a score or more were in  
jured when the 178-year-old Prince  
pal theater burned at the end of a  
midnight performance today.

By 10 a. m. ten bodies had been  
taken from the ruins of the the  
ater, at that time police re  
ported that they had sighted four  
others in the debris.

## REVISE STATE ROAD PROGRAM HERE FOR 1931

Meeker Cut-Off on Route 30  
Eliminated by Division  
Engineer.

BIG ITEMS ARE APPROVED

Straightening and Widening  
of Road West of Big Island  
Planned.

Only part of the proposed im  
provement of the Harding highway  
in the vicinity of Meeker will be  
undertaken this year. It was an  
county surveyor, following a con  
ference Saturday with Governor  
C. Snyder of Marion, head of the  
maintenance bureau in the state  
highway department.

To Spend \$150,000

The work to be done, however  
will entail improvement of the road  
from Big Island to Meeker at a  
cost of approximately \$150,000. Pre  
viously it had been planned to build  
a new section of road through  
Meeker which would eliminate  
three curves, but this part of the  
project will be postponed for at  
least another year.

Decisions to postpone the im  
provement in Meeker was made  
last week by L. H. Wismer of Co  
lumbus, engineer of division six  
which embraces Marion, Morrow,  
Union, Delaware, Madison, Frank  
lin, Fayette and Pickaway counties.

Wismer told Leavens that while  
the Meeker improvement which  
would cost approximately \$75,000, is  
important, there are other projects  
in the division which need more im  
portant attention at the present time.

The improvement of the five  
mile strip from Big Island to  
Meeker will enhance the widening  
of the present 16 foot road to  
20 feet, Leavens said. Bids on the  
project probably will be taken in  
May and the contract probably will  
be let by June.

To Eliminate Curves  
With the widening of the road  
also will come the elimination of  
two curves and the straightening  
of eight others, according to  
Leavens.

Plans for the improvement are  
being drawn up in Leavens' office  
by L. D. Jones of Delaware, as  
assistant engineer of the division. He  
is being assisted by Vernon M.  
Dutton and Walter Singer, deputy  
county surveyors.

Leavens announced today that  
another Marion county road im  
provement will be undertaken by  
the state this summer. The project  
under consideration is the rebuild  
ing of a bridge over the Tymochtee  
river on the Lodi-Muscelles road  
near the Wyandot county line. The  
present bridge is only 16 feet in  
width and the new bridge probably  
will be about 24 feet or 28 feet  
wide. It will cost about \$25,000.

Bids will be taken for both con  
crete and macadam when the  
Harding highway improvement  
plans are finally completed.

## MISSING AVIATRIX FOUND IN HOSPITAL

Edna May Cooper, Hunted for  
Week, Victim of Myster  
ious Injuries.

By United Press.  
MONTEREY, Calif., March 2.—  
Edna May Cooper, joint holder of  
the world's endurance flight record  
for women who disappeared a week  
ago in Hollywood, was identified  
today as a patient in the Monterey  
hospital.

Suffering from a lapse of memory  
apparently induced by a hard blow  
at the back of her head, Miss Coop  
er could give no explanation for  
her presence in Monterey.

Besides the head wound—an ugly  
abrasion and swelling the right  
side of the aviatrix's body is black  
and blue, as though she had suf  
fered a severe beating or had fallen  
heavily.

Dr. Hugh Dornody, physician at  
the hospital, was inclined to be  
lieve Miss Cooper had not been in  
an automobile accident, as the body  
bruises were not accompanied by  
surface abrasions.

She was registered at Hotel San  
Carlos as Miss Caroline Hope. It is  
reported.

When told she was in Monterey  
the young woman said: "I thought  
I was in Santa Monica. That's  
where I started for when I left Los  
Angeles."

"Examination of the actress' ef  
fects disclosed she had no money  
with her."

## 200 Aliens Assembled To Await Deportation

By The Associated Press.  
NEW YORK, March 2.—A group  
of 200 men, women and children  
aliens arrived at Ellis Island today  
to await deportation. They have  
been ordered out of the country  
by federal officials at hearings in  
various cities. Twenty of the  
aliens are insane and arrived in  
strait-jackets.

## No Tags on Dogs, Owners Pay \$118 for Sheep Killed

Two dog owners who failed  
to purchase 1931 tags for their  
dogs today were "fined" a total  
of \$118.

They paid this figure to Elmer  
Parish and Frank Shreck, Big  
Island township farmers, for 12  
sheep killed by their dogs last  
week.

Had the dogs been properly  
licensed, the sheep would have  
been paid for out of the regu  
lar dog license fund, according  
to Dale Rhoads, county dog  
warden, in his weekly report to  
county commissioners.

Parish lost six sheep and  
Shreck the same number. The  
latter also had two sheep in  
jured. Parish's claim amounted  
to \$48 and Shreck's to \$70.

Rhoads impounded six dogs  
during the week according to  
his report to commissioners.

## DAUGHTER OF PIONEERS DIES

Mrs. Mary Evans, Widow of  
John Evans, Passes Away  
at Home Here.

ILL LAST FIVE MONTHS  
Father, Husband Started  
Limestone Industry; Fun  
eral Wednesday.

Mrs. Mary Jane Evans, 76, a  
member of one of the pioneer  
families in Marion county, died  
yesterday at 11:05 p. m. at her  
home at 336 West Center street.  
She had been ill of complications  
for the last five months.

Mrs. Evans was the daughter of  
John and Ann Owens, natives of  
Wales and for whom Owens, O.,  
was named. Her parents and her  
husband John Evans, who has been  
dead 37 years, were pioneers in the  
limestone industry.

John Evans was the founder of  
the Evans Lime & Stone Co. and  
president of the John Evans Lime  
& Stone Co. Her father  
founded one of the largest lime  
stone companies in this section 40  
years ago at Owens.

Mrs. Evans was an active mem  
ber of Lydia Chapter No. 53, Order  
of Eastern Star in which she was  
a member for 31 years. She was  
given her first degree Feb. 19, 1900.  
The lodge honored her by making  
her an honorary member of the past  
matrons circle in recognition of her  
activity and interest in the chap  
ter.

She was a charter member of  
Marion Shrine No. 16, order of  
White Shrine of Jerusalem, a Na  
sion women's organization. She  
also was a member of First Pres  
byterian church.

Surviving her are her sons, John  
Evans, vice president of the John  
Evans Lime & Stone Co., Daniel  
Evans, identified with the company  
and David Wagner Evans, sec  
retary-treasurer of the John Evans  
Lime & Stone Co. A sister, Mrs.  
R. F. Shurz lives at 213 West  
Church street.

Her marriage to Mr. Evans took  
place at Owens in 1872. She was  
born Oct. 12, 1854 at Radnor.

Funeral services will be held  
Wednesday at 2 p. m. at the home,  
with Rev. H. L. Oehler, pastor of  
First Presbyterian church, officiating.  
Interment will be made  
in Marion cemetery.

## PEACE INDICATED

Gandhi and Irwin Reach Agree  
ment, Is Reported

BOMBAY, March 2.—An agree  
ment settling all points of the  
Indian dispute has been reached  
by Lord Irwin, viceroy, and  
Mahatma M. K. Gandhi in their  
"man to man" conference at New  
Delhi, according to an announce  
ment by Sir Teg Bahadur Sapru  
today.

He added that an official state  
ment giving the final conclusions  
of peace agreement would be issued  
tomorrow night.

The announcement was inter  
preted to mean the end of the  
civil disobedience campaign in  
India.

## Debt Payment

(Will Rogers Special)  
SANTA MONICA, Cal., March  
2.—The soldiers that are  
lined up getting their money  
sure look like they needed it.

The financial boys say "it's  
bad economy to pay the money  
now." When was there any  
thing connected with the war  
good economy? Even entering  
it wasn't a stroke of financial  
genius.

Hog Island cost as much as  
this bonus. And the enemy  
couldn't find it. And neither  
could we.

A debt is just as hard for a  
government to pay as it is for  
an individual. No debt ever  
came due at a good time.

Borrowing is the only thing  
that is handy all the time.

Yours,

Will Rogers

## MACHINE HITS PARKED TRUCK ON OAK STREET

Ralph Carr, 21, Dies in Crash;  
Had Been Ordered to  
Station.

LOCAL GIRL IN HOSPITAL

One Hurt, Another Escapes as  
Auto Strikes Moving  
Engine.

One person is dead and a young  
woman is in City hospital with seri  
ous injuries as the result of week  
end traffic accidents in Marion.

Ralph Carr, 20, of Hepburn, was  
instantly killed when the motor  
cycle he was driving struck the  
rear of a parked truck on Oak  
street at Owens street Saturday  
night. He ran into the truck after  
attempting to elude Paul Haslan  
of 507 Main street who was recen  
tly him to police station for ques  
tioning.

Bonnie Baden, 20, of Pleasant  
Avenue sustained cuts and bruises  
when an automobile in which she  
was riding struck a moving locom  
otive at the C. & O. Columbia street  
crossing early Sunday morning.

Two automobiles were damaged  
when a Whippet coach driven by  
Morris Mackley of 435 Lee street  
struck a Cadillac roadster parked  
on West Church street late Satur  
day night.

## CRASH COMES AS YOUTH ATTEMPTS TO SPEED AWAY

Carr was apparently making a  
break for freedom when he met  
his death on Oak street. A few  
moments before he had been or  
dered to police station by a patrol  
man, who also told Paul Haslan to  
follow on his motorcycle so that  
Carr went to the station.

By agreement, the young man  
went down Mill street toward the  
station with Carr in the lead, sud  
denly turned his machine north on  
Oak street and attempted to speed  
away.

Apparently Carr did not see the  
rear of the parked truck at Owens  
street until it was too late to avoid  
a collision. Haslan estimated the  
speed of Carr's machine at 25 miles  
an hour when it struck the truck.

Carr's body was taken to the  
Schaffner-Queen funeral home, his  
motorcycle was taken to the Me  
Daniel Motor Co. garage.

Police say a battery in Carr's  
motorcycle has been identified as  
stolen from another motorcycle re  
cently. Carr did not have a license  
to operate his machine, police say.

Ralph Melvin Carr was born Oct.  
10, 1910, to Otis and Sarah Mc  
senger Carr, who survive him at  
the home near Hepburn.

## FUNERAL TUESDAY

His surviving brothers and  
sister are Verlin Carr of 527 Irvine  
avenue, Henry Carr of 275 Evans  
street, Harry O. Carr of 609 Jeffers  
road, and Merle Carr of 404  
Main street. Carr's father, Mr.  
George Smith of Evans street,  
Mrs. Edna Reidenstein of Kenton,

## HARDING AREA SCOUT HEAD STARTS DUTIES

Arthur S. Brooks Prepares To  
Establish New Offices  
in Marion.

Arthur S. Brooks, new executive  
of the Harding Area council, Boy  
Scouts of America, today arrived  
in Marion to assume

## Three Great Press Associations Keep Star Readers Informed

Important news events are happening every moment in every part of the world. From the far ends of the earth over a living network of wires the stories come to The Star.

An earthquake may shake Japan. It may be a volcano pouring out lava over Italian towns. A ship may go down in mid-Pacific. An airplane is lost over the wide Atlantic. War breaks out in the Balkans. A great dirigible crashes near some tiny European town. A crowned ruler dies. A famous beauty weds. A rank outsider wins a prominent sporting event.

Whatever happens, wherever it is, alert news reporters—trained in speed and accuracy—are on the spot sending the first flash—the BULLETIN that stops the presses. Then come the details—the rounded story that presents a clear, vivid picture of the great catastrophe thousands of miles away a few minutes after it occurs.

### The Associated Press

More than 1,285 newspapers organized into The Associated Press for the sole function of gathering and distributing the important news of the world cooperate to send daily to The Star the report of what has happened in their district. Linking these points together is a leased wire system measuring 225,000 miles in length.

Formed 40 years ago by a group of far-seeing publishers to insure daily reports of world events should be forever free from partisanship or bias, The Associated Press continues today the high ideals of its founders.

### United Press Association

Energetic news coverage, intimate interviews with famous figures, interpretive political analyses combine to identify the service delivered by United Press. In addition its leased wire system transmits timely sports developments, important scientific discoveries, market and financial reports.

Thousands of correspondents cooperate in the development of this wide range of news required for information and entertainment of readers. Bureaus and division offices in major cities coordinate in speedy distribution to affiliated newspapers.

### International News Service

A pioneer in bringing out features in news—but always alert to the spontaneous—International News Service has been staffed by writers of outstanding ability. Through the excellence of its reporting the organization has extended its scope to world-wide coverage and publication in America, Europe, South America and the Orient.

George R. Holmes, James L. Kilgallen, Frederick K. Abbot, William K. Hutchinson, Harry R. Flory, R. S. Thornburgh, Copeland C. Burg, Bill Cornum—these are names that appear over I. N. S. stories and guarantee interesting reading.

# ST. MARY ENDS SEASON WITH 22-16 WIN

## MARION IRISH DOWN BELLEVUE QUINT IN HARD-FOUGHT GAME

Locals Withstand Last Period Rally of Losers To Chalk Up Victory.

MARION ST. MARY basketball team concluded its cage season Saturday night in The Star auditorium by defeating St. Mary of Bellevue 22 to 16 in a thrilling contest. The game was the final of the season for both teams. St. Mary played a better brand of basketball in the Bellevue game than has marked its play at any time this season. The passwork was better and the shooting more accurate.

## 80 RESERVATIONS IN FOR BANQUET

More than 100 persons are expected to attend the annual spring luncheon banquet of the Marion basketball commission tonight in the Y. M. C. A. Eighty reservations are already in the hands of the secretary of the commission and the usual last minute rush is expected to swell this number considerably.

A ten piece orchestra of the First Presbyterian church will furnish music for the occasion.

Following the banquet which will start at 6:15 p. m., the members of the 1931 basketball commission will be elected.

outplayed the locals in the final frame but could not overcome the advantage and lost the game. Play was rough.

In a preliminary the Irish Rockets and Academy Aces, both composed of Marion St. Mary students, played a close game, the Rockets winning 7 to 6.

## Jack Thompson To Get Shot at Titleholder

By The Associated Press. CLEVELAND, March 2.—Young Jack Thompson will have a chance to claim the world's welterweight championship back from Tommy Freeman here next month if the city's fight men are agreeable. Tommy McGinty, Freeman's manager, announced he and Ray Alving, guardian of Thompson's affairs, have agreed upon terms for a 15-round fight to be held in public hall April 14 if sanctioned by the Cleveland boxing commission.

Jack Dempsey engaged in 79 boxing contests with 47 knockouts to his credit.

## BECK, STRAHL HEAD 28-ROUND SHOW AT SHOVEL GYM TONIGHT

Card Promises Plenty of Action; Marion Fighter in Semi-Final Bout.

EVERYTHING is in readiness for the staging tonight in the Shovel gymnasium of the 28-round boxing card headlined by Beck and Strahl, two smashing 10-pound fighters. The 10-round main go will be the final attraction of the four-hour card.

## CARIS, REED NAMED TO CAPTAINS' POSTS

Hill, Cooper Selected To Lead Seconds; Three Pleasant Girls Chosen.

BY BOB KIRKPATRICK Sports Editor, The Star

CHOOSING players to positions on any all-county team in basketball or any other sport is a difficult task any way you take it. There are only a limited number of positions to be filled and play-ers a large number of play-ers worthy of recognition. Only those individuals who apparently possess the greatest ability.

## Y-CHURCH STANDINGS SETTLED IN TRIO OF GAMES ON SATURDAY

Reformed Beats St. Mary To Tie for Fifth Place in League.

Final standings were settled Saturday night in the Y-church basketball league when six entries of the 12 team circuit clashed in a trio of contests on the Y. M. C. A. court.

## TRACK SENSATION

Meet Percy Beard of the Alabama Polytechnic Institute whose campaign on Eastern indoor tracks has been little less than sensational. At the New York A. A. U. track and field championships he set a world's record of 8.5 seconds in the 70-yard high hurdles, preceded by three record-breaking performances.

## OHIO STATE IN LAST HOME GAME OF YEAR

Buckeyes Meet Indiana Tonight on Coliseum Floor; In Ninth Place.

By International News Service. COLUMBUS, O., March 2.—The badly-battered Ohio State basketball team will make a belated attempt to correct its errors tonight against Indiana in its last home game of the year.

## SUES GRIFFITH

Fern Setrl, 22 (above), film extra, has sued David W. Griffith, director, for \$401,000 damages, charging criminal assault.

their home in St. Louis, Mo., after being called here by the death and funeral of the former's mother, Mrs. Mary Anna Zachman.

## 8 Contagious Disease Cases Reported Here

Despite a slight epidemic of influenza throughout the state during February, only two cases in the city were reported to Dr. N. Siffert, city-county health commissioner, during the month.

Two cases of tuberculosis and two of chicken pox, in addition to cases of measles and typhoid fever, also were reported to the health commissioner during February, his monthly contagious diseases report, issued today, shows.

Only one case of contagious disease was reported in the county during the month. The case in question was chicken pox.

## LAD BURNED

Marvin Higgins, 5, son of Mr. and Mrs. John Higgins Jr., of 750 Merkel avenue, was severely burned about the head, neck and shoulder, with scalding water Saturday afternoon at his home. The child accidentally collided with a maid employed in the Higgins home as she was removing a pan of water from the stove.

## FEES INCREASE

Fees paid to Clerk of Courts Everett B. Grigsby during February totaled \$43.82 as compared to \$53.17 for February a year ago, he reported today. During January the fees totaled \$63.51. The money is turned over to the county treasury.

## PROPERTY SOLD

Property of Walter J. Ewers and others, located at 340 Hane avenue, was sold at sheriff's sale Saturday to J. M. Morrison on his bid of \$3,667. Action for the sale was brought by Harry A. Letter. The property, which includes a modern dwelling and a double garage, was appraised at \$5,500.

## BIRTHS

Twin boys were born to Mr. and Mrs. Daniel Furness of near Caledonia at City hospital yesterday. Both the babies and the mother are reported doing nicely.

A son was born yesterday morning at City hospital to Mr. and Mrs. D. P. MacDonald of 176 Chicago avenue.

Mr. and Mrs. William Rooms of 441 Park boulevard are the parents of a daughter born yesterday morning at City hospital.

Statistics show gasoline consumption in the United States was six per cent greater in 1930 than in 1929.

## School Board Members Hold Annual Meeting

Heads of Rural and Village Education Systems Hear County Superintendent Rayburn and State Supervisor in Talks at Central Junior Auditorium.

Rural education costs, the theme of several tax reduction group meetings in Marion county in the last few months, were the principal topic for discussion when rural school board members heard County Superintendent C. B. Rayburn and George M. Morris, supervisor of rural schools in Ohio, at the Central Junior High school Saturday.

Importance of retaining the office of county superintendent in the state educational setup was pointed out by Morris in a talk during the afternoon session. He also answered dozens of questions

followed when this topic was brought before the meeting. Several persons expressed their belief that \$500,000 has been built up in the county and that further payment of tax money into the fund is useless and should be discontinued.

In the morning session, Superintendent Rayburn analyzed the cost of the county superintendent's office. For the year 1939, the office cost \$941.16, of which \$269 was paid by the state, according to Superintendent Rayburn. Further figures introduced revealed that of the \$7,511.16 cost to Marion county taxpayers for the county superintendent's office, \$2,650 was for his salary, \$1,150 for that of an assistant and \$1,500 for a stenographer. Other expenditures include \$762.92 for an attendance officer and his mileage, \$50 for county teachers' meeting expenses, \$533.48 for property and supplies, \$342.50 for board members and their mileage, \$121.92 for electric lights, telephones, insurance, stamps, telegrams and express, \$101.75 for jan-

itor and supplies, \$142.50 for the treatment system.

Points to Services. The services given the county school system by the superintendent's office were mentioned by Superintendent Rayburn. The office handles all printing for the schools of the county and renders many other services with no charge to the individual schools which would otherwise be obliged to pay considerable for the same work. The office is also a connecting link between the individual school and the state department keeping teachers, superintendents, and boards informed of the latest developments in education.

The county school system has charge of 4,100 pupils of which 1,600 are students in 12 high schools. The meeting Saturday is required by law for the purpose of discussing problems common to all schools in the county and to keep those in charge of the schools in the county better acquainted.

## MORTGAGE LOANS IN SLIGHT SLUMP HERE

Real Estate Transfers Also Show Decline for Week.

While the number of mortgages and real estate transfers during the last week slumped only slightly as compared to figures for the week before, the amount of money involved in the mortgage fell from \$11,500 to \$14,350 in the week's time, according to record books in the office of County Recorder Charles A. Markert in the court house.

Mortgages numbered nine, a drop of two in the week's period, when transfers totaled 17, a drop of four.

Mortgages on city property amounted to \$7,836 and on county property to \$7,000. Loan associations assumed \$2,425 of the total.

Transfers were as follows: Ray Altohure, by sheriff, to the Home Building, Savings & Loan Co., part Marion lot, \$1,400.

William R. and Ruby B. Bogart to Charles and Mattie V. Smith, Marion lot, \$1.

Homer R. Crounke to Josta B. Conkle, 833 acres in Marion township, \$1.

John J. Erber to Viola Finley, Latrobe lot, \$1.

Edward G. Giesener and others to Charles A. Baumgartner, Marion lot, \$1.

William T. Jones to Nellie A. Moore, two Marion lots, \$1.

Thomas S. Kennedy, by executor, to Mrs. H. F. Kennedy, 100 acres in Tully township and 35 acres in Scott township, \$13,247.62.

James E. Messenger to Florence M. Messenger, part two Marion lots, \$1.

Nellie A. and George Means to William T. Jones, two Marion lots, \$1.

Ray J. and Esther M. Mayfield to James H. Ralston, Marion lot, \$1.

Robert and Mattie McKim, by sheriff, to the Marion Building, Savings & Loan Co., part Marion lot, \$1,000.

Francis M. Parish to Lella Chapman, part Marion lot, \$1.

Lewis O. Ruhlman to Gustaff A. Benz, Marion lot, \$1.

Ray E. Schrote to Henry W. Miller, 425 acres in Pleasant township, \$1.

Charles Smith to William R. and Ruby B. Bogart 755 acres in Waco township, \$1.

J. W. Thew, by trustee, to the Home Building, Savings & Loan Co., three Marion lots, \$8,898.35.

John V. and Mary E. Wilson to Martha A. Skinner, Marion lot, \$1.

## OHIO GARDEN CLUB MOVEMENT GROWS

About 15,000 Now Enrolled in 250 Communities of State.

By The Associated Press. COLUMBUS, O., March 2.—About 15,000 people are now members of Ohio's 300 garden clubs, according to V. H. Ries, extension specialist in floriculture at Ohio State university.

Clubs are organized in approximately 250 communities throughout the state and Ohio is one of the three leading states in the country in number of clubs functioning at the present time, Ries says.

Garden clubs are being organized in Ohio at the rate of at least one a week. Many of the clubs hold monthly meetings and conduct home and beautification schools in cooperation with the extension service at the state university. They discuss such topics as community beautification, highway beautification, children's gardens and the landscaping of schools and other public buildings.

The majority of clubs, Ries believes, are interested in community projects.

Among the projects, he says, which some of the clubs in the state are sponsoring this year are better yard and garden contests; river bank improvements; highway beautification, court house, school, church and grange hall beautification; development and landscaping of local parks and recreation grounds, garden and game beautification; institutions, wild flower preservation, children's garden clubs and school gardens.

Clubs now are functioning the latest checkup reveals, in 67 counties.

### FARM RELIEF

Check up on your broken implement parts and bring in for repair Marion Welding Co.—132 Oak St.—Adv.

The Oklahoma state health department has started an inoculation campaign to eliminate diphtheria from the state by 1932.

More than two-thirds of Alabama's 2,646,218 inhabitants are rural residents.

## FARMERS TO HEAR GRAIN PRICE PLAN

Federal Board Men To Speak Tuesday at Meeting in Monnette.

Farmers in southern Crawford county and northeastern Marion county who are interested in the work of the federal farm board and its efforts to standardize grain prices throughout the country will have an opportunity Tuesday night to hear of the board's work at a meeting to be held at the Monnette school house.

Rev. J. B. Swain of Kirkpatrick, R. G. Craun of Tiffin, Oscar Schlosser and Charles Latahaw, both of Fosteria and both affiliated with the federal farm board, will be the speakers. An open forum will follow the addresses and farmers are urged to ask questions concerning the federal farm board and its work.

The meeting will be held under the auspices of the Ohio Farm Elevator association, which is a cooperative group of grain elevators working with the federal board.

## Never a need to worry

when the refrigerator raiders prowl

YOU'RE always sure that their booty is safe and fresh when the scene of their pillage is your Electric Refrigerator. There'll be no emergency calls in the night from a stricken warrior laid low by tainted plunder.

There's a good reason for that. Your Electric Refrigerator maintains constantly the below 50 degrees temperature so necessary to preserve food. Above that temperature bacterial action occurs in food before you know it. The only way to be sure of perfect freshness and perfect safety in your food is to satisfy yourself that your refrigerator temperature never crosses the 50

degree danger line. And the way to be sure of that is to protect yourself with scientific, constant-temperature electric refrigeration.

Come in and see our display of modern Electric Refrigerators. We have them equipped with every modern feature in just the size you desire. Values today are more attractive than ever before. Convenient time payments, of course.

ELECTRIC REFRIGERATORS—from \$174.50

# SEE INCREASED OHIO ACREAGE

State Expected To Grow More Corn and Oats.

**Associated Press.**—March 2.—Ohio's corn and oat crops are expected to be larger than last year's, according to the opinion of the Ohio Farm Bureau, which has issued a report on the state of the crops. The report says that the corn crop is expected to be 10 per cent larger than last year's, and the oat crop is expected to be 20 per cent larger. The report also says that the weather has been very favorable for the crops, and that the farmers are very optimistic about the future of the crops.

Each year, oats become an important feed grain in Ohio, and of late years, the importance of the crop has increased. The report says that the oat crop is expected to be 20 per cent larger than last year's, and that the farmers are very optimistic about the future of the crop. The report also says that the weather has been very favorable for the crops, and that the farmers are very optimistic about the future of the crops.

## On the STREETS of MARION

—With The Star Staff—

### Remember the Day?

ATTACHES of probate court in Marion would-be married couple at a glance when the latter enter the court offices at the court house for a marriage license, they assert.

One of the two and sometimes both in nearly every case give away the object of their mission by blushing a deep crimson the court officials say.

If they do not blush they are a bit hesitant before they approach the counter, and this also gives them away, according to Probate Judge Oscar Gast and other employees of the court who are empowered to make out the licenses.

### Makes It Easy

SINCE the announcement was made that Marion will be the scene of the 1932 Western Ohio (old) next February, questions have been asked concerning the origin and pronunciation of the word. Etymologically, according to Webster's dictionary, it is a Welsh word meaning session or assembly, and pertaining particularly to annual congresses of bards, minstrels and literati of Wales, contests at which

orators, harpists, singers and poets vie for prizes.

The institution originated in the twelfth century and its present form is a nineteenth century revival.

Etymologists in this country, as conducted on a similar scale, although they are restricted almost entirely to singing. Many of the American etymologists have been started in Welsh settlements.

Now as to the pronunciation. The "et," according to Webster, is sounded as if it were "ay," the "odd" as though it were "oeth," and the "ed" as if it were "ade."

### Appreciation

QUITE in contrast to a recent meeting here of the unemployed, at which a Cleveland Communist advocated bolshevism and communism as a cure for economic ills, comes a statement made by a foreigner who recently applied for his second naturalization papers in common pleas court.

Asked why he wished to be a citizen, the man answered that he wanted to return some day to his native land for a visit and that he wished to be naturalized here in

order that he will have no difficulty in reentering the United States.

"Do you like this country very well?" he was asked. "Does it appear to be the wonderful country you thought it to be before you left Europe?"

His answer was emphatically in the affirmative. "It's even better than I had dreamed of," he said. "People here have money, many things that they can't afford back in my old country. Even the so-called poor man here has every opportunity to enjoy life, if he is willing to work and save. He is not as poor as I was in Europe."

He said he had no use for communism, and that every sensible foreigner felt likewise.

The man came to America as a youth 24 years ago, and has never yet returned to his native land. He

ONE CENT A DAY PAYS UP TO \$100 A MONTH

# BUS ON OHIO LINE HELD UP

Robbery Staged Portsmouth by Three Men.

Associated Press. — O. March 2 — A bus which had been held up by three men on the Ohio line near Portsmouth, Ohio, was released after the robbers had taken a large sum of money and jewelry. The bus was carrying passengers from Columbus to Portsmouth. The robbers, who were armed with pistols, forced the driver to stop and then searched the passengers. One man was injured during the robbery. The bus was released after the robbers had taken a large sum of money and jewelry. The bus was carrying passengers from Columbus to Portsmouth. The robbers, who were armed with pistols, forced the driver to stop and then searched the passengers. One man was injured during the robbery. The bus was released after the robbers had taken a large sum of money and jewelry.

# Arthur Brisbane's Today

Continued from Page One.

More people came, wages increased, and prosperity with wages.

When we had 50 millions and then 100 millions, we needed more people, to consume our products of farms and factories. We got them, and higher wages and prosperity with them.

With a population of 120 million, wages and prosperity had their peak. A temporary setback is nothing.

We need more population now to consume our products, although stupidity does not realize it.

MR. LEGG, head of the farm relief board that did not relieve gives up his job and is only able to advise farmers to plant less wheat, less cotton, less of everything.

That is the advice of despair, and there is no cause for despair. We need, not less production, but more people, of the kind to consume what we produce, people exactly like those that made the country what it is.

We consume now 90 per cent of our products. More population would consume the superfluous 10 per cent, and create a demand for more.

Instead of looking to Europe, Asia and Africa to buy from us, which they will not do, if they can help it, we should have enough people here, to do the buying.

Workers (informers) say more population would mean fewer jobs, lower wages.

How do they answer the fact that when there were only four million population in the country, there was only one workman in the United States, a New England mechanic, able to earn as much as one dollar a day, all the year round.

A president of the United States complained, at that time, that it was impossible to buy a good worker for less than \$10 a year.

In proportion to size, Mexico's population is less than one-half ours. There you can hire a first class worker for \$35 a month, and he boards himself.

Canada's population, in proportion to size is not one-tenth of ours. Wages and prosperity here are far ahead of Canada. We need more population. Think it over.

# PEACE CAUSE AIDED BY NAVY AGREEMENT

Five Power Pact in Sight After Britain, Italy, France Accept Terms.

By The Associated Press. — PARIS, March 2 — The Italian navy, one of the most serious threats to the peace of post-war Europe, appeared today to have been eliminated with definite agreement of Great Britain, France and Italy on a naval treaty to be maintained during the next five years.

The terms of the agreement were withheld, pending transmission to Washington and Tokyo, but it was understood today they were constructed around the actual needs of France and Italy, until 1936, rather than on the basis of specifying a proportion between the navies.

The agreement, if acceptable to the United States and Japan, and there was no doubt here on that score, will bring the London naval treaty into the new world, more than a three-power pact in important phases, to a five-power instrument limiting until 1936 the navies and naval construction programs of the great maritime nations of the world.

Arthur Henderson, British foreign secretary and A. V. Alexander, first lord of the admiralty, called upon Aristide Briand and Charles Dumont, French foreign and naval ministers, yesterday, immediately upon their arrival in Paris, and discussed to them the terms of the agreement for France and Italy, which was accepted.

A cablegram sent to Dino Grandi, Italian foreign minister, by Henderson and Briand, expressed the conviction that the agreement would hasten the end of international disarmament and world peace.

The developments are regarded here as marking the end of the naval controversy, a leading element in the armament question, the next stage, land and air forces.

# Propose Legion Honor for Movie Comedian

By The Associated Press. — PARIS, March 2 — The Legion of Honor may blossom in the hands of the comedian, when the comedian visits Paris.

It was reported today that a reliable source today that the foreign office sees no impediment to the decoration and it was expected that the ministry of fine arts would shortly make a formal request for it.

Charles Trépo, the popular comic of an officer of public instruction, in 1921 on the occasion of his Paris visit when he appeared in a charity gala for the benefit of the devastated regions.

# REPORT URGES FOOD CONTROL INQUIRY

Senate Group Sees "Alarming Tendency" Toward Monopoly.

Continued from Page One.

general has been detected in the retail prices paid by the consumer for dairy products.

That the retail prices of meat have reflected the lower price received by the producer, and the packer on a cents per pound basis, but that the percentage of decrease in the retail price is materially less, due to the existence of too many dealers competing with each other, rather than a combination in restraint of trade.

That the costs of distributing food are too high, and that a study of the marketing of farm products is worthy of consideration.

The report found that responsibility for the failure of the retail price of bread to reflect the decline in the price of wheat rests primarily upon the large wholesale bakery companies, which have failed to pass on to the consumer the recent reductions in the costs of their ingredients.

# Hollywood's Newest Star Tees Off in Series of Golf Pictures

HOLLYWOOD, Calif., March 2 — Motion pictures newest star looked out this morning to say "So this is Hollywood."

Robert T. Jones, Jr., winner of 13 major golf championships, four of them making up the only grand slam the game has known, was on a new course today, being up for an ambitious series of 12 pictures.

Starting at the green with a picture on putting he will stand before the camera until he has made chip shots, nibble shots, mashie nibbles, spade, mashie and four iron combined, three and two irons, iron and spoon combined, brassie, driver, trouble shots, practice and finally, to tee down the curtain, a complete round.

Roby was asked as he prepared to start his work if there would be a comedy relief.

If there is, he said, somebody else will have to furnish it. I won't try to do anything. I know I know nothing about it. I'll stick to golf and hope for the best.

While in California the champion of champions will play in several four ball matches for charity.

He had no suggestion to offer as to the most likely candidate to succeed him as amateur champion.

"There are plenty of good amateurs," he said.

## STILL SEARCHING

Cleveland Sheriff Leaves on Hunt for Sweetheart of Hymie.

By The Associated Press. — CLEVELAND, O., March 2 — Sheriff John M. Sullivan said he and deputies would leave today on a search that might take all week for Mrs. Mary Outland Woodford, sweetheart of Pittsburgh Hymie Martin, charged with the slaying of former Congressman William H. Potter.

The sheriff declined to say where he was going.

Deputies also were investigating information obtained from two women who visited the police station over the weekend. Officers would not disclose the information for the identity of the women.

## "PROHIBITION AGE" QUOTED IN HEARING

Counsel Outlines Plans for Youth's Defense in Gary Murder Trial.

By The Associated Press. — VALPARAISO, Ind., March 2 — Attorneys defending Virgil Kirkland, Gary, Ind., athlete on trial for the murder of Arlene Drives today outlined their plan with a vigorous attack on the prohibition age.

With the state planning to let the defense vented either by Kirkland, they intended to place Kirkland on the witness stand.

Kirkland, the 26-year-old high school football player, is charged with the slaying of the woman in which Arlene came to her death during a drinking party held in Gary last November.

Attorney Barnet O'Hara of the defense, in outlining his plan, blamed Kirkland's plight on the moral laxity and contempt for law that has brought about such a racial deterioration as to allow such parties.

He declared the party attended by Arlene and Kirkland was nothing unusual.

"Every night in every state of the union," he said, "young boys and girls are going out on parties much worse than this one. These poor children were not unusual; they were merely unfortunate. This girl may or may not have become intoxicated. That is not an unusual thing under the prohibition law in these days. She suffered an accidental fall and was killed."

## DRIVER FINED \$100

Marion Man Denied Right To Operate Machine.

Morris M. Kelly, of 125 E. 1st street, was fined \$100 and placed under a 30-day suspension for driving without a license, when he pleaded guilty in municipal court this morning to a charge of driving a car without a license.

He was charged with driving a 1921 Buick sedan parked in front of Harding high school on the south side of Church street late Saturday night, police reports show.

M. Kelly's driving rights were suspended for six months, and he was ordered to pay for the repairs to both automobiles. Neither the coach nor the roadster was badly damaged. The roadster, the property of Leonard Sipple of 1421 E. 1st street, had been loaned to him.

## DECISIVE VOTE NEAR ON DRY LAW ISSUE

Referendum Proposal Due for Vote in Ohio House Tuesday.

By The Associated Press. — COLUMBUS, O., March 2 — The vote on prohibition measures in the Ohio general assembly probably will be cast on the outcome of a vote in the house tomorrow on the Nippert resolution calling for a referendum on the state prohibition amendment.

Leaders of both sides in the wet and dry discussion were ready for the showdown as the legislators returned from their week-end recess prepared to make the resolution a special order of business for tomorrow afternoon.

The resolution, the first measure dealing with the liquor question to reach the floor of the present assembly, was recommended for passage last week by the house judiciary committee and most leaders believed all other prohibition bills would die in committee unless the Nippert proposal gets through the house.

Opponents of the resolution predicted its certain defeat, placing their hopes on the large rural house majority which is considered dry, but supporters insisted the measure had a chance, however slim, to draw the three-fifths vote required for passage.

Under the resolution, the referendum would be held next November. Repeal of the amendment would have no effect on the various enforcement laws, but the popular vote would sound out sentiment on a clear-cut wet and dry issue for the first time since the advent of prohibition.

## SWIM DESPITE ICE

By The Associated Press. — DETROIT, Mich., March 2 — Members of the Tenth Club, who are life guards in the summer months, took a plunge in Detroit river at Belle Isle beach yesterday and succeeded in swimming around the sharper, more dangerous pieces of floating ice. Two young women, Billy Beck and June Freedman, joined them in the beach party.

## 12 PERSONS DROWN

Farewell Party in Chile for Prince of Wales Ends in Tragedy.

By The Associated Press. — SANTIAGO, Chile, March 2 — A gay party attended by the farewell of the Prince of Wales ended in tragedy for the little band of musicians who provided music for the entertainment.

As the band sailed back across Lake Langunhuo, late Saturday night, the steamer Chab struck their lighter and sank it. Twelve of the musicians were drowned. Seven were rescued.

Federated Club Members  
Here Turn Thoughts Toward  
State Convention in April

SCHEDULED club meetings and small family gatherings will occupy Marion hostesses for the next few weeks in keeping with the annual observance of the Lenten season. Easter this year will fall on April 5 and the Lenten season will come to a close at noon on Holy Saturday.

Members of federated clubs are turning their thoughts to the annual state convention to be held April 7 to 10 at Youngstown. The opening session on Tuesday evening will close with a musical program and motion pictures instead of the reception which has featured the initial social function in previous years. The meeting will be preceded by a dinner honoring the club presidents of the state. The department dinner will be held on Wednesday evening and the Pioneer dinner on Thursday evening. Instead of departmental breakfasts the subjects will be presented from the convention platform at the regular sessions. The convention will close on Friday evening with a banquet and the press luncheon. District luncheons will be held on Thursday and the Junior luncheons will be a feature of Friday's program.

MRS. CARTER RETURNS  
FROM NEW YORK WITH  
WAY TO DARKEN HAIR

Gray Disappears Overnight

"What shall I do, my hair is getting gray?" I recommend only one preparation and I've tried them all. It's an improved formula made from that wonderful old recipe of sage tea and sulphur. It is easy to use, gray disappears overnight. And after two or three applications hair is restored to the exact shade you want, so evenly, so naturally, no body'll ever know. Just pay your druggist 75c for a large bottle of Weyle's Sage & Sulphur and follow the simple directions. Adv.

**DANDRUFF A Sure Way to End It**

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store and four ounces is all you will need. This simple remedy never fails. Adv.

WEARS SILK COIFFURE

Coiffures of silk threads stitched to resemble marcel waves are new for evening wear. The coiffure may match the wearer's gown or her hair. This model uses silver threads in the back to give the effect of a Spanish comb.

Study Shape of Face Before Deciding Style of Eyebrows

BY JOSEPHINE HUBLESTON

TODAY ten different styles of eyebrows have the approval of fashion and beauty experts. This variety makes it possible for every woman to gain the beauty beat for her eyebrows. That is, of course, if she will study the lines of her face carefully before choosing a style which she thinks most suitable for her.

To help you select the very best style of eyebrow for your features, the four general types of face will be described in this article which is the second of a series on this subject. The next article, number three, will give the ten styles of eyebrows.

Faces lend themselves to four general classifications, the long and narrow, the triangular, the oval and the round. The long, narrow face is easily recognized because it is noticeably longer than it is wide. The triangular face is apt to be somewhat undershooting for its face, seems to follow the same line as the long, narrow face. Close inspection, however, reveals that the triangular face is rather wider across the brow than the long, narrow one, although it tapers down to the more pointed chin lines.

The oval face is slightly longer than it is wide, but because of a larger jaw and chin construction, attains oval lines instead of the more angular ones which characterize the two types referred to above. The round face is round, being to all practical intents as wide as it is long.

Of course, you realize that the layers of flesh and fat which cover the actual bone construction make the outward appearance of the face

and son Revere, Mr. and Mrs. Arthur Hill, Miss Inez London, Hershel London, Mr. and Mrs. Lee Benedict and children, Robert and Raymond of Ashley, Mr. and Mrs. Fred Fulton and children, Rosie and Clarence of Radnor, Mrs. Harry Berry and Paul Hill of Kimbolton, Mr. and Mrs. George London, Mrs. Ira Shrock and daughter Helen Jean, Mr. and Mrs. Harry Hibbett and children Ruth, Evelyn, Catherine, Doris and Harry, Mrs. Gertrude Dearing and daughter Edith Mae Ochs, Mrs. Edith Redd, Miss Nettie London, Arthur, Emory, Guy, Harry, Everett and Donald London.

INSTITUTE CLOSES FARM BUREAU MEETS

Wyandot County Farm Group Re-elects Officers.

**UPPER SANDUSKY, March 2.**—The annual Wyandot county Farm Bureau institute closed Saturday afternoon after a two days' session held at the Longbaugh hall here. Instructors for the institute were Mrs. Martha Bradford of Xenia and O. A. Dibbins of Cedarville. The following officers were re-elected for next year: J. H. Witzel, president; A. F. Gottfried, vice president; Ira Pool, secretary; treasurer; Mrs. Gail Wilson, lady correspondent.

BIRTHS

Word has been received by Mrs. M. E. Griffith of Oak Ridge court of the birth of a daughter Feb. 27 to her son-in-law and daughter, Mr. and Mrs. E. V. Rowe of Long Beach, Calif. Mr. and Mrs. Rowe were former residents of Marion, the latter being Miss Elsie Griffith before her marriage. The baby has been named Mary Margaret Rowe.

A son was born this morning to Mr. and Mrs. Don Crissinger of 800 Oak Grove avenue.

Mr. and Mrs. Leonard C. Metz of Wilson avenue are parents of a son born Sunday at the home of Mrs. Metz sister, Mrs. Carl Newman of Kenton.

Mr. and Mrs. George McGrath of 899 Unappaher avenue are parents of a daughter born this morning.

After Colds, Flu and Sickness rebuild your STRENGTH

Every spring countless thousands take S.S.S.—the purely vegetable tonic—to build back their red-blood-cells so that they may have that new strength which makes for a keen appetite, firm flesh, a clear skin and greater resistance against infection and disease. You, too, will want to take S.S.S. for this very reason. Select the larger size as it holds double the quantity and represents a price saving. C.S.S. Co.
